Dear Parents,

A basic right for all of our children is to attend schools where they are safe from physical and psychological harm; where the environment fosters respect for diversity; and where they may grow into self-confident, secure, and self-actualized individuals. To this end, the Orleans Parish School Board and the Recovery School District have implemented and published the Student Code of Conduct.

The Student Code of Conduct provides for students, parents, teachers, and administrators expected standards of behavior in our schools and prescribes interventions and consequences for student behavior that is inappropriate and harmful to others. As partners in the development of our children, the Student Code of Conduct enables us to clearly describe to them appropriate and inappropriate behavior, the necessity of appropriate behavior, and the benefits of appropriate behavior. I ask you to use a little quality time with your child or children to read and discuss the Student Code of Conduct. I assure you it will be time well spent and will demonstrate to them that we, together, are truly concerned for their success and well-being.

I look forward to working side by side with you in our schools and community to ensure your child’s continued achievement.

Sincerely,

Stan C. Smith
Interim Superintendent
Orleans Parish School Board

CORPORAL PUNISHMENT IN SCHOOLS

The Orleans Parish School Board prohibits the use of any form of corporal punishment in any public school, program or activity under its jurisdiction, including direct operated or charter schools. Thus, neither the principal nor any member of the school staff or Orleans Parish School Board employee has the authority or discretion to use any form of corporal punishment against a student.

Corporal punishment refers to intentional application of physical pain as a method of changing behavior. It includes a wide variety of methods such as hitting, slapping, punching, kicking, pinching, shaking, choking, use of various objects (wooden paddles, belts, sticks, pins, or others), painful body postures, use of electric shock, use of excessive exercise drills, withholding meals, or prevention of urine or stool elimination. It also includes use of seclusion, i.e., locked isolation, and inappropriate restraint, i.e., restraint by individuals who are NOT Crisis Prevention Institute (CPI) certified or by those implementing inappropriate CPI protocol.

Bullying – ACT No. 861  
(See also OPSB Policy J939 – BULLYING AND HAZING)

Definition, Behavior Constituting Bullying, and the Effect of Bullying on Others

Bullying is a pattern of any one or more of the following:

- gestures, including but not limited to obscene gestures and making faces;
- written, electronic, or verbal communications, including but not limited to calling names, threatening harm, taunting, malicious teasing, or spreading untrue rumors;
- electronic communication includes but is not limited to a communication or image transmitted by email, instant message, text message, blog, or social networking website through the use of a telephone, mobile phone, pager, computer, or other electronic device;
- physical acts, including but not limited to hitting, kicking, pushing, tripping, choking, damaging personal property, or unauthorized use of personal property;
- repeatedly and purposefully shunning or excluding from activities; and
- where the pattern of behavior as provided above is exhibited toward a student, more than once, by another student or group of students and occurs, or is received by, a student while on school property, at a school-sponsored or school-related function or activity, in any school bus or van, at any designated school bus stop, in any other school or private vehicle used to transport students to and from schools, or any school-sponsored activity or event.

The pattern of behavior as described above must have the effect of physically harming a student, placing the student in reasonable fear of physical harm, damaging a student's property, placing the student in reasonable fear of damage to the student's property, or must be sufficiently severe, persistent, and pervasive enough to either create an intimidating or threatening educational environment, have the effect of substantially interfering with a student's performance in school, or have the effect of substantially disrupting the orderly operation of the school.

Reporting an Act of Bullying

Procedure for students and parents:
1. Report bullying incidents to the principal/designee and/or security. Students and parents may go to the OPSB website at [www.opsb.us](http://www.opsb.us) and click on “Report Bullying” in the yellow tab or call the REPORT BULLYING HOTLINE at 504-304-5782.
2. The principal/designee and/or Security will then complete the LDE Bullying Report Form (see Appendix and [www.doe.state.la.us](http://www.doe.state.la.us)).
3. An investigation of complaints and reports will be completed (see “Investigating an Act of Bullying” below).

The principal/designee is responsible for receiving complaints alleging violations of the bullying policy. All school employees and parents chaperoning or supervising school-sponsored functions and events are required to report alleged violations of this policy to the principal or the principal’s designee. A verbal report must be reported on the same day as the employee or parents witnessed or otherwise learned of the incident and a written report must be filed no later than two days thereafter.
The victim of bullying, anyone who witnessed the bullying, and anyone who has credible information that an act of bullying has taken place may file a report of bullying.

**Retaliation and False Reports**
Retaliation against any person who reports bullying in good faith, who is thought to have reported bullying, who files a complaint, or who otherwise participates in an investigation or inquiry concerning an allegation of bullying is prohibited conduct and is subject to disciplinary measures. Intentionally making false reports about bullying to school officials is prohibited and will result in appropriate disciplinary measures.

**Investigating an Act of Bullying**
- The principal/designee of the school must initiate the investigation the next business day during which school is in session after the report is received by a school official. The investigation must be completed no later than ten school days after the date the written report was submitted.
- The investigation must include an interview of the reporter, victim, the alleged bully, and any witnesses, and include obtaining copies or photographs of any audio-visual evidence.
- The principal/designee must notify the parent or legal guardian of a student under the age of eighteen of the allegation of bullying before the student can be interviewed and inform them of the right to attend the interview with the student.
- Documented interviews of the victim, alleged offender, and witnesses must be conducted privately, separately, and confidentially. At no time will the alleged offender and victim be interviewed together.
- The investigator will collect and evaluate the facts using the form developed by the LDE.
- The principal/designee may (in accordance with Act 861 of 2012) file a complaint with the court of juvenile jurisdiction pursuant to Children's Code Article 730(8) and 731(1), or Children's Code Article 730(1), if the parent or legal guardian refuses to attend a conference or meeting regarding the student's behavior.

The highest level of confidentiality possible must be upheld regarding the submission of a complaint or a report of bullying and the investigative procedures that follow.

**Meetings with Parent or Legal Guardian of the Victim and Alleged Offender**
- Meetings with the parents or legal guardians of the victim and meetings with the parents or legal guardians of the alleged offender must be separate.
- Parents or legal guardians of the victim and alleged offender must be informed of all of the available potential consequences, penalties, and counseling options at the initial meeting with school officials.

**Notification to Parents/Legal Guardians of an Act of Bullying**
The principal/designee will promptly notify the parents/legal guardians of all students involved of any incident of bullying as defined by this policy. Notification of the parent/legal guardian of all students involved must be made on the same day an investigation of the incident(s) has been initiated. Notification must be consistent with the student privacy rights under the applicable provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA).
Resolution of Investigation/Disciplinary and Criminal Consequences of Bullying

The principal/designee shall compose a written document containing the findings of the bullying investigation, including input from the students’ parents/legal guardians, and the decision of the school or school system official. The document will be placed in the record of both students. The principal/designee shall promptly notify the complainant of the finding of the investigation and the remedial action taken, if the release of the information does not violate the law.

If the school has determined that the discipline code has been violated, the school official should take prompt and appropriate disciplinary action pursuant to LA R.S. 17:416 and 17:416.1 and report criminal conduct to law enforcement, if appropriate.

The results of the investigation will determine the level of infraction for the bullying/cyber bullying incident(s).

Procedure for Appeal in Cases of Bullying

Failure to Act
A student, parent/legal guardian, or school employee may report a bullying incident to the LEA (city, parish, or local school board or local school governing authority) if the school official does not take timely and effective action to address the incident.

The LEA or governing authority must begin an investigation of any complaint of bullying that is properly reported the next business day in which school is in session.

If the governing authority does not take timely and effective action, the student, parent, or other school employee may report the bullying incident to the Louisiana Department of Education.

Parental Relief (Parents/Legal Guardians of a Victim of Bullying)
The parent/legal guardian of a bullied student may request a transfer to another school if a parent, legal guardian, teacher, or other school official has made four or more reports of separate instances or bullying and no investigation has occurred.

The LEA must make space available for the student at another public elementary or secondary school under its jurisdiction within ten school days of the transfer request. If no other school that serves the bullied student’s grade level is available within fifteen days of the transfer request, the superintendent or head of the LEA must facilitate the student’s enrollment in a statewide virtual school or offer the student placement in a full-time virtual program or virtual school. The LEA may enter into a memorandum of understanding with another LEA to secure placement and transfer for the bullied student.

If none of the options above are made available to the student within thirty days after the transfer request is made, the parent or legal guardian may request a hearing with the school's governing authority. The hearing must be granted for the next scheduled meeting or within sixty calendar days, whichever is sooner.

The parent/legal guardian may request at the end of any school year that the student be transferred back to the school in which the student was enrolled when at least three of the bullying reports were made. The district must make space available for the student at the school where the student was originally enrolled. No other school will qualify for the transfer back.
Dress Code

Dress code policies support a positive school culture by identifying attire that promotes school safety and student health. Each school will develop a dress code policy. School staff will inform students, parents/guardians, and the school community of the dress code policy. All students and parents/guardians are expected to follow the written policy. Questions about the school’s dress code policy should be referred to the school principal or designee.

**Principals and staff will not remove a student from the instructional environment or send a student home for inappropriate attire or for not having an identification card.** Staff will direct students to correct inappropriate attire that can be immediately corrected.

Attendance

All children must attend a public or private school from their 7th to their 18th birthday, or until the child graduates from high school. Any child under seven years of age that enrolls in school must also continue to attend school. Parents are responsible for ensuring that their children attend school daily during school hours.

The Orleans Parish School District expects students to be in attendance every scheduled student-activity day.

- **Pre-Kindergarten (Pre-K) Students**
  Pre-K students may not accumulate more than 21 absences. Students who exceed 21 days may jeopardize their participation in the Pre-K program.

- **Elementary and Middle School Students**
  To be eligible to receive grades for the 2014-2015 school year, elementary and middle school students, beginning with Kindergarten, may not accumulate more than 10 absences.

- **High School Students**
  To be eligible to receive grades for the fall 2014 semester, high school students may not accumulate more than 5 absences.
  To be eligible to receive grades in the spring 2015 semester, high school students may not accumulate more than 5 absences.

A student is considered to be in attendance when he or she is physically present and officially documented by school personnel at a school site, or is participating in an authorized school activity and is under the supervision of authorized school personnel.

Students are considered to be in attendance for one-half day when they are in attendance for 26%-50% of the student’s instructional day. Students are considered to be in attendance for a whole day when they are in attendance for 51%-100% of the student’s instructional day.

Each school may allow students in danger of failing due to excessive absences to make up missed class time in class sessions held outside the regular class time. These make-up sessions must be completed before the end of the current semester.
Absences and Truancy

If a student has one or more instances of tardiness or unexcused absences, the parent/guardian can expect the school to take one or more of the following actions:

- Phone call or letter to parent/guardian
- Parent/guardian conference at the school
- Parent/guardian conference or home visit with the school social worker.

A student may be considered truant and referred to the Municipal Court by the school social worker when the student has had five (5) or more instances of tardiness or unexcused absences in one semester, and the school has made all reasonable efforts to correct the student’s attendance problem.

Types of Absences

There are several types of absences that may affect a student differently for the purpose of receiving grades, earning credit, or being counted as truant (habitually tardy or absent).

1. These types of absences will not be counted against a student for the purposes of receiving grades and earning credit for work completed, or truancy. Students with these types of absences have a right to receive makeup work from the school for the days and classes missed:
   - travel for education that is approved in advance;
   - death in the immediate family (not to exceed one week);
   - natural catastrophe and/or disaster;
   - religious holidays of the student’s own faith;
   - extended physical or emotional illness, hospital stay, recuperation from an accident, or contagious disease that has been verified by a doctor, nurse practitioner, or dentist; or
   - visiting a parent (for five days or less) who is a member of the US Armed Forces or National Guard and has been called to duty or is on a leave of absence from overseas deployment to a combat zone or combat support posting.

2. These types of absences will not be counted against the student for the purposes of truancy, but will be counted against the student for the purposes of receiving grades and earning credit. The school is not required to give students with these types of absences makeup work for the days and classes missed, but may do so.
   - student illness, with a doctor or parent/guardian note
   - serious illness in the family, with a doctor or parent/guardian note

3. Students who are suspended out of school will be counted as absent, but these absences will not be counted against the student for the purposes of truancy or receiving grades or credit for work completed. A student on suspension has the right to receive schoolwork from the school for the days the student was suspended. In-school suspension is not considered an absence of any kind.
4. Any other kind of absence will be counted as an “unexcused absence.” These types of absences may be counted against a student for the purposes of truancy, and receiving grades or credit. The school is not required to give students with these types of absences makeup work for the days and classes missed, but may do so. Absences to work on any job that is not part of an approved instructional program, even in a student’s own home or for a student’s parents, will be counted as an unexcused absence.

If the student is absent for any special circumstance other than those listed above that the parent/guardian believes should not be counted against the student for the purposes of truancy, or receiving grades or credit for work completed, the student’s parents/guardians should bring their concern to the school social worker or principal.

**Tardiness**

1. A student may be considered tardy if he or she:
   - Arrives late to class; or
   - Leaves or checks out of school unexcused before the end of the school day; or
   - Arrives late to class when coming from off-campus.

2. A student MAY NOT be considered tardy if he or she:
   - Reports late to class because a teacher or other school staff member held the student in another class or conference, causing them to arrive late.

Each school may determine whether an instance of tardiness is excused or unexcused, depending on the school’s own tardiness policy, and the individual circumstances of each instance of tardiness. **Five unexcused instances of tardiness will equal one unexcused absence.**

A parent/guardian may not be referred to the Municipal Court for truancy of his or her child based on instances of tardiness that are solely the responsibility of the student (for example: multiple instances of tardiness for arriving late to class when transferring from another class).

**School Bus Conduct**

A student may be suspended from riding a school bus by the school principal for any Level 2 or Level 3 infraction (below). The school principal has the exclusive authority to suspend a student from a school bus, and no other school official or employee—including the bus driver—may suspend a student from riding the bus. A student may be suspended from the school bus even though he or she is not suspended from school. In that case, it is the responsibility of the parent/guardian to ensure the student is transported to and from school by some other means of transportation.

Parents/guardians may appeal a school bus suspension according to the process outlined in this book for appeal of suspensions from school (in the “Suspension Procedures” section).

**Students with transportation documented on their Individual Education Plan (IEP), who are suspended from riding the school bus, must be provided alternative transportation by the school.** If transportation is not documented on the IEP, it is the responsibility of the parent/guardian to ensure the student is transported to and from school.
Behavior Infractions

Students who do not follow the school's rules and expectations will receive consequences appropriate to the severity of their infractions. The following pages list examples of infractions and appropriate responses for school officials to take.

*Discipline* incidents will be classified as Level 1, Level 2, and Level 3 Infractions.

**Level 1 Infractions: Non-Suspendable Offenses**

*Discipline* incidents that can be handled by the teacher and do not warrant a *discipline referral* to the principal or designee. Any behavior that is of low level intensity, passive in nature and/or of a non-threatening manner is a Level 1 Infraction.

**Level 2 Infractions: Suspendable Offenses**

*Discipline* incidents that interfere with anyone's safety and learning, are of a threatening or harmful nature, legal violations and warrant administrative interventions. Such behaviors should be considered Level 2 Infractions.

**Level 3 Infractions: Expellable Offenses**

*Discipline* incidents that severely interfere with anyone's safety and learning, are of a threatening or harmful nature, are legal violations and warrant immediate response from administration, crisis team, entire staff, and/or community support are Level 3 Infractions. Please note that there are three tiers of Level 3 Infractions, as detailed in the Level 3 section.

Because every behavior infraction cannot be listed in advance, school principals may decide if an unlisted infraction is a Level 1 or Level 2 offense. **Students may only be expelled for infractions that are described in Level 3.**
Level 1 Infractions: Non-Suspendable Offenses

Level 1 infractions are incidents that occur in school buildings or grounds, or at school activities, that are the responsibility of the teacher or principal to address through corrective strategies. **A student may not be given an out-of-school suspension for Level 1 infractions.**

1.01 Boarding and de-boarding school transportation at incorrect stop
1.02 Horseplay
1.03 Entering an off-limits or restricted area
1.04 Habitual tardiness and/or absenteeism
1.05 Eating/drinking during prohibited times
1.06 Skipping class/school
1.07 Dress code violation
1.08 Not having proper materials or supplies for class
1.09 Not participating in class
1.10 Not wearing required clothing for physical education class
1.11 Littering
1.12 Failing to do or complete homework
1.13 ID violation (if applicable)
1.14 Making an unfounded charge against authority
1.15 Using profanity and/or obscene language
1.16 Refusing to sit in assigned seat
1.17 Engaging in inappropriate public displays of affection (holding hands, kissing, hugging, etc.)
1.18 Talking in class at inappropriate times
1.19 Any other infraction that the principal or designee deems similar in severity to other level 1 infractions

Corrective Strategies

Multiple corrective strategies may be used to address problematic behavior before a suspension, depending on the individual student’s needs. For some students, including those with disabilities, this may include conducting or revising the Functional Behavior Assessment (FBA) and Behavior Intervention Plan (BIP). Corrective strategies for infractions may include but are not limited to:

- Creation of a Behavior Improvement Plan (BIP)
- Contact and/or conference with parent/guardian
- School-to-Home Communication System
- Check-In/Check-Out Process
- Personalized Behavior contract that includes expected student behavior, incentives for demonstrating expected behavior, and consequences for infractions
- Positive Behavior Intervention Support (PBIS) Systems
- After-school or lunch detention
- Saturday School
- In-School Suspension
- Loss of privileges
- Referral to the Response to Intervention (RTI) team
- Referral to school social worker or school counselor
- Intensive academic support
- Intensive social skills teaching
- Self-management program
- School bus suspension (if applicable)
- Multi-agency collaboration
Level 2 Infractions: Suspendable Offenses

Level 2 infractions are incidents that occur in school buildings or grounds or at school activities that threaten safety or interfere with learning. A student may be given an out-of-school suspension for Level 2 infractions; however, schools should use the corrective strategies listed on the previous page whenever possible. A Disciplinary Conference with the Student Hearing Officer is also a possible corrective strategy for Level 2 offenses when prior interventions at the school site have not resulted in positive change. (Refer to Disciplinary Conference Procedures on page 23.)

2.01 Intentionally or habitually failing to attend detention or in-school suspension
2.02 Possessing or using tobacco and/or possession of a lighter
2.03 Using or possessing alcohol
2.04 Leaving school bus without permission
2.05 Using objects dangerously or inappropriately to harm others or damage property
2.06 Vandalism to school property or school bus
2.07 Leaving school and/or classroom without permission
2.08 Gambling
2.09 Extortion (blackmail, etc.)
2.10 Willful disobedience to authority figures that substantially interferes with the learning of others or threatens the safety of others
2.11 Instigating or participating in fights (one-on-one or groups)
2.12 Bullying*
2.13 Causing a false fire alarm
2.14 Intentionally causing a major, unnecessary disturbance in classroom/school campus
2.15 Improper use of a cell phone
2.16 Inappropriate bodily contact or harassment
2.17 Improper use of computer: Viewing obscene, pornographic, violent, or sexually harassing material; or information on manufacturing of weapons
2.18 Forging a signature on documentation required by the school, cheating, or lying to school personnel about academic matters
2.19 Habitual level 1 behaviors
2.20 Any other infraction that the principal deems to be similar in severity to other level 2 infractions

A principal may also suspend a student for some Level 3 infractions if the school believes a suspension would be more appropriate than an expulsion. Some drug and weapon related offenses require an expulsion; these offenses are noted on the following pages.

**“Bullying” means:**

(1) A pattern of any one or more of the following:
   (a) Gestures, including but not limited to obscene gestures and making faces.
   (b) Written, electronic, or verbal communications, including but not limited to calling names, threatening harm, taunting, malicious teasing, or spreading untrue rumors. Electronic communication includes but is not limited to a communication or image transmitted by email, instant message, text message, blog, or social networking website through the use of a telephone, mobile phone, pager, computer, or other electronic device.
   (c) Physical acts, including but not limited to hitting, kicking, pushing, tripping, choking, damaging personal property, or unauthorized use of personal property.
   (d) Repeatedly and purposefully shunning or excluding from activities.

(2) (a) Where the pattern of behavior as provided in Paragraph (1) of this Subsection is exhibited toward a student, more than once, by another student or group of students and occurs, or is received by, a student while on school property, at a school-sponsored or school-related function or activity, in any school bus or van, at any designated school bus stop, in any other school or private vehicle used to transport students to and from schools, or any school-sponsored activity or event.
   (b) The pattern of behavior as provided in Paragraph (1) of this Subsection must have the effect of physically harming a student, placing the student in reasonable fear of physical harm, damaging a student’s property, placing the student in reasonable fear of damage to the student’s property, or must be sufficiently severe, persistent, and pervasive enough to either create an intimidating or threatening educational environment, have the effect of substantially interfering with a student’s performance in school, or have the effect of substantially disrupting the orderly operation of the school.
Level 3 Infractions: Expellable Offenses and Interventions

Expellable offenses are incidents that occur on school property or grounds, on school transportation, or at school activities that severely interfere with anyone’s safety and learning, are of a threatening or harmful nature, and/or are legal violations. All expulsion recommendations are at the discretion of the school. As noted by the asterisks (*) below, there are several offenses that require an expulsion in certain circumstances. Students cannot, under any circumstances, be recommended for expulsion for disrespect or willful disobedience, uniform violations, or repeated suspensions for violations not listed in expellable offenses.

Tier One Offenses and Interventions:

Tier One Offenses 2014-15: Expellable for up to Two Semesters

- Distributing, selling, giving, or loaning any controlled dangerous substance governed by the Uniform Controlled Dangerous substances Law, or any prescription drug not prescribed to the accused student, or any chemical substance that affects the central nervous system and produces stimulant, depressant, euphoric, or hallucinogenic effects to the mind or body*

- Carrying, possessing, or using a firearm**, knife with a blade of two inches or longer***, or any other instrument the purpose of which is lethal force

**Suspension Procedures (for OPSB District Operated Schools*)**

An out-of-school suspension, in which the student is not allowed to attend school for a designated period of time, is a consequence which a school may utilize if a student commits a Level 2 or Level 3 infraction. For a student to be suspended, the following procedures must be followed:

1) First, the principal or designee will meet with the student. At this student meeting, the student will be advised of the behavior infraction and given the opportunity to explain his or her version of the facts.

2) If, after the student meeting, the principal still chooses to suspend the student, the principal or designee will contact the student's parent/guardian by phone, email, or mail. The principal will give notice of the suspension, the length of the suspension, the reason for the suspension, the appeals process, and the date of the readmission conference. The principal must attempt to give this information to the parent/guardian in writing.

3) If a minor, the student shall remain in school until the end of the school day unless released into the care of his/her parent/guardian. However, if the student poses a danger to himself/herself or others, the principal may remove the student from the school immediately. After the student's removal, the school will follow the regular suspension process as soon as is practicable. **No student shall be sent home without the school properly documenting the reason for the suspension.**

4) Students suspended three (3) or more consecutive days shall be provided schoolwork during their suspension, which must be picked up by the parent/guardian at the school. A student suspended less than three (3) consecutive days will receive the assignments on return from suspension.

5) Before a minor student returns to school, the parent/guardian (or their pre-determined adult designee) must participate in the scheduled readmission conference. This conference can be held in person or by phone. If a parent refuses to respond, the principal may choose not to readmit the student until the parent, guardian, or other adult designee responds, and the school social worker may refer the student to Municipal Court for truancy. **If it is the student’s first suspension of the school year, the principal may readmit the student if it is in the best interest of the student, even if the parent does not attend the readmit conference.**

**Suspension Appeals (for OPSB District Operated Schools*)**

Any parent or guardian of a student or a non-minor student given an out-of-school suspension at a District Operated OPSB school has the right to appeal the suspension to the Orleans Parish School Board. The parent may appeal the reason for the suspension or the length of the suspension.

**To appeal a suspension:**

1) The parent must submit a written request to appeal to the OPSB Superintendent. The request must be made no later than five (5) school days after the start date of the suspension. Include a copy of the suspension documentation provided to the student, parent, or guardian.

2) Appeals are conducted in person with the student, school representative, parent/guardian and an additional representative of the student, parent/guardian’s choice. School representatives may participate in person or by telephone.

3) The OPSB Superintendent or designee will assess the merits of the case and make a final determination. The decision of the OPSB Superintendent or designee shall be final. The OPSB Superintendent or designee may uphold, modify, or reverse the decision of the school.

*NOTE: Each OPSB Charter School will follow its own established procedures for suspensions and suspension appeals.*

Disciplinary Conference Procedures *(for OPSB District Operated and OPSB Charter Schools)*

Disciplinary Conferences are held with students through the Student Hearing Office in order to address significant behavioral concerns, including both expellable and non-expellable offenses. Disciplinary Conferences are used to supplement prior interventions at the school-level that have not resulted in changed behavior. The purpose of the conference is to deter future incidents that could lead to expulsion. Student Disciplinary Conferences cannot directly result in an expulsion. The following procedures must be followed:

1) The Disciplinary Conference process begins when a student commits an offense or a repeated problematic behavior. Parents should be notified in writing by the school about the incident or behavior and should be asked to sign the written document.

2) The principal or designee conducts a school-level investigation within three (3) days after the incident, if applicable. The student will be advised of the behavior infraction and given the opportunity to explain his or her version of the facts. Depending on the school and the nature of the behavior or incident, the student may be suspended until the Disciplinary Conference is held. *(Refer to Suspension Procedures for more information.)*

3) If the principal chooses to recommend the student for a Disciplinary Conference, the principal will submit a Recommendation for Disciplinary Action to the Student Hearing Office. If the recommendation is as a result of a specific incident, the form must be submitted within one (1) school day of the incident or within one (1) school day after completion of the investigation. On this form, the principal will describe the incident or behaviors that precipitated this recommendation, the due process for the student, and request an intervention for the student’s offense. A Disciplinary Conference cannot result in expulsion. The school must notify the parent/guardian of minors of the misbehavior and recommendation for a Disciplinary Conference.

4) When the Student Hearing Office receives the paperwork, the documentation will be reviewed for compliance with the law, and the Student Code of Conduct, and Student Hearing Office policies. If the recommendation is deemed compliant, a Disciplinary Conference will be scheduled within (5) days of the Student Hearing Office receiving it. The Student Hearing Office will contact parents and schools to inform them of the date and time of the Conference. If the recommendation is incomplete, the form will be sent back to schools and schools will be given one (1) school day to complete the paperwork and resubmit it to the SHO.

5) The following persons have a right to attend the Disciplinary Conference:
   - The student
   - The student’s parents/guardians
   - An additional person of the student’s/parents’/guardians’ choosing to represent the student
   - The student’s principal or designee (may include teacher or school staff witnessing the incident)
   - Person victimized by the student (school must inform victim(s) and/or parents of the victim(s) of hearing time and place)
   - Any other person the Student Hearing Officer determines is necessary.

6) At the Disciplinary Conference, the student, parent/guardian, school representative, and Student Hearing Officer will collaboratively develop ways to improve behavior in order to avoid future disciplinary action. Students cannot be expelled at a Disciplinary Conference.
Expulsion Procedures (Level 3 Infractions) (for OPSB District Operated and OPSB Charter Schools)

In an expulsion, the student is officially removed from his or her school for a set period of time. This corrective strategy will only be used if a student commits a Level 3 infraction that is a Tier One, Tier Two or repeat Tier Three offense. (See Level Three offenses section on pages 18-20.)

For a student to be expelled, the following procedures must be followed:

1) The expulsion process begins with the student committing a Level 3 infraction that is a Tier One, Tier Two or repeat Tier Three offense. The student's parent/guardian should be notified about the incident in writing and should be asked to sign the written document. From this point on, the student may not transfer to another school until the expulsion process is concluded.

2) Anytime the student commits a Level 3 infraction, the principal or designee must conduct a student conference and school-level investigation within three (3) school days of the incident, if applicable.

3) During the investigation and expulsion hearing process, the student may be suspended. For students with disabilities, at no point may the student's suspension exceed the maximum number of days allowed by law. The school is responsible for the continual provision of a Free Appropriate Public Education (FAPE) for students with disabilities throughout this time. (Refer to page 27 for more information.)

4) After the student conference and principal's investigation, if the principal chooses to recommend the student for expulsion, the principal will submit required paperwork to the Student Hearing Office within one (1) school day of the incident or within one (1) school day after completion of the investigation.
   - If the paperwork is not submitted to the Student Hearing Office within this period, the student will be allowed to return to school (excluding special circumstances).
   - If the principal chooses to not recommend the student for expulsion, the principal will send written notification to the Student Hearing Office formally waiving the right to recommend the student for expulsion.

5) The school must ensure due process for the student. This includes:
   - notifying the parent/guardian of minors of the misbehavior and recommendation for expulsion;
   - allowing the student to tell his or her side of the story; and
   - mailing a copy of the incident report home to the parent/guardian of minors.

6) When the Student Hearing Office receives the paperwork, the principal's recommendation for expulsion will be reviewed for compliance with the law, the Student Code of Conduct, and Student Hearing Office policies. If the recommendation for expulsion is deemed compliant, an Expulsion Hearing will be scheduled within (5) days of the Student Hearing Office receiving it. The Student Hearing Office will contact parents and schools to inform them of the date and time of the Hearing.
   - If the recommendation is incomplete, the form will be sent back to schools and schools will be given one (1) school day to complete the paperwork and resubmit it to the SHO.
   - If the recommendation for expulsion is not in compliance with the law and the Student Code of Conduct, the Student Hearing Office will contact the school and the parent. The recommended student will then be referred back to the sending school.
7) The following persons have a right to attend the expulsion hearing:
   - The student
   - The student's parents/guardians
   - An additional person of the student’s/parents’/guardians’ choosing to represent the student
   - The student’s principal or designee (may include teacher or school staff witnessing the incident)
   - Person victimized by the student (school must inform victim(s) and/or parents of the victim(s) of hearing time and place)
   - Any other person the Student Hearing Officer determines is necessary.

8) If the student or parent/guardian chooses not to attend the hearing, the hearing can and will be conducted in their absence.

9) All expulsion hearings will be tape-recorded and kept on file with the Student Hearing Office. At the hearing, the school and student will provide testimony and evidence related to the incident under consideration.

10) After the hearing, the Student Hearing Officer will make a determination of the student’s guilt based on the evidence gathered during the school’s investigation and any additional evidence or testimony presented during the hearing. The determination will be given, in writing, to the school, the student, and/or the minor student’s parents/guardians. The Student Hearing Officer will determine the appropriate length of the expulsion according to the guidelines on expulsion length above, and the expulsion will begin immediately. The Student Hearing Office will make arrangements for the student to attend the alternative education facility, if applicable, after the hearing.
   - If the student is found guilty, the expulsion will begin immediately.
   - If the student is found not guilty, the student may return to school the following day.

11) After the student has completed their full expulsion term at the alternative education facility to which the student is assigned, the student has the right to return to the school from which he or she was expelled.
   - If the student was found guilty of violence against another person, and the victim of that offense is still a student or staff member at the school, the student may be required to attend a different school at the completion of their expulsion term.
   - At the hearing, the Hearing Officer, in concert with the sending school, will determine the student’s eligibility to return to the expelling school.

**Expulsion Appeals (for OPSB District Operated and OPSB Charter Schools)**

Any non-minor student, or the student’s parent/guardian, has the right to appeal the Student Hearing Officer’s determination to the Recovery School District Superintendent or his/her designee. To appeal an expulsion, the parent/guardian of the student may, within five (5) school days after the decision to expel the student has been made, request that the RSD review the findings of the Student Hearing Officer. The parent/guardian or non-minor student must complete the Request for an Expulsion Appeal Form (Appendix C) and submit it to the Student Hearing Office. The RSD, in reviewing the case, may uphold, modify, or reverse the decision. Otherwise the determination of the Student Hearing Officer shall be final.

If the RSD Superintendent or his/her designee upholds the decision of the Student Hearing Officer, the non-minor student or student’s parent/guardian may appeal the expulsion to the Municipal Court in which the student’s school is located within ten (10) days of the RSD Superintendent’s decision. The parish court may uphold, modify, or reverse the decision of the RSD.

**Throughout the appeal process, the student must report to their designated alternative educational placement.**
Student Placement
At the conclusion of the hearing, students found guilty will be given one of four designations that determine whether and when the student will be allowed to return to the expelling school.

Right to Return
Students found guilty and placed at an alternative education setting will be returned to their sending school at the conclusion of their expulsion term unless the Student Hearing Officer determines that there are compelling reasons that the sending school is not the best placement for the student.

No Right to Return
At the conclusion of their expulsion term, students guilty of offenses against identified victims at the sending school may be ineligible to return to the school. Certain other offenses, depending on the facts, may qualify for this ineligibility for return to the sending school. Decisions about a student's right to return will be made by the Student Hearing Officer in consultation with the principal of the expelling school and based on all evidence available as of the time of the hearing.

Tier One Early Return
Students found guilty of Tier One offenses and placed at an alternative education setting may have the right to return to the expelling school prior to the conclusion of their expulsion term. A student’s eligibility for early return will be determined by the expelling school at the conclusion of the hearing.

Written criteria for early return will be established by the expelling school and Student Hearing Officer at the conclusion of the hearing in consultation with the receiving school. Students eligible for early return will receive a review of their performance after being enrolled at the alternative education setting for the length of time established at the conclusion of the hearing, but not before completion of the remainder of the current semester and one additional semester. Students may only return to their sending schools under the early return policy at semester breaks.

This review will determine whether and when the student will return to the expelling school. The review for early return will be conducted by the Student Hearing Officer and expelling school and based on data provided by the alternative education placement. Students that are allowed to return to their expelling school based on their eligibility for early return may be subject to probationary conditions.

Probation
Students found guilty may have the right to early return to the expelling school prior to the conclusion of their expulsion term on a probationary basis. A student’s eligibility for probation will be determined by the expelling school at the conclusion of the hearing.

Written criteria for probation will be established by the expelling school and Student Hearing Officer at the conclusion of the hearing and agreed upon in writing by the school leader and the student.

A student that is eligible for probation and who violates the terms of that probation will be eligible for placement at an alternative education setting for the remainder of the expulsion term.

Note: For additional information on Disciplinary Conferences and Expulsion Hearings, please see the Student Hearing Office Manual for Disciplinary Procedures, available on the Orleans Paris School Board website.
Discipline for Students with Disabilities *(for OPSB District Operated and OPSB Charter Schools)*

Students with disabilities are subject to the same discipline rules and procedures as other students, but with limitations.

The federal laws providing protection to disabled students, the “Individuals with Disabilities Education Act” (IDEA) and Section 504 of the “Rehabilitation Act of 1973” are very complex and detailed, and require different protections and procedures based on a number of factors. The information in this document merely provides a brief overview of some of the most important procedures and protections.

OPSB Exceptional Children's Services and the special education teacher(s) at each OPSB school will ensure that all procedures and protections required by law for special education students are followed and will be able to provide more detailed information on all the protections and services to which your individual child is entitled. In addition, there are numerous community groups and non-profit organizations dedicated to ensuring that students with disabilities are being provided the procedural and educational opportunities to which they are entitled.

If you have questions about the treatment of your individual student in regard to special education while at school, we encourage you to reach out to your child's special education teacher and/or Exceptional Children’s Services.

**Suspensions and Expulsions for Students with Disabilities**

If a student with an IEP (Individualized Education Program) or a 504 plan is expelled or suspended for more than ten (10) school days, consecutively or cumulatively, the school must conduct a Manifestation Determination Review (MDR) within ten (10) days of the decision to suspend or expel the student.

The School's Manifestation Determination Review (MDR) Committee must determine whether the behavior is related or not related to the student's disability. At least one person on the committee must know the student and one other must be knowledgeable of the student's disability. The parents/guardians must be notified of the review and at least three (3) documented attempts to reach the parents/guardians must have been made by the school to include them in the meeting. If the parents/guardians do not respond or participate, documentation of their absence must be included.

If the Behavior is a Manifestation of the Student’s Disability

- **If the MDR Committee determines that the behavior is a manifestation of the student’s disability or the direct result of the OPSB or school’s failure to implement the IEP, that student may not be suspended further or expelled for the particular incident(s) under review.** Instead, the school must reconvene the School’s IEP or 504 committee to revise the student’s IEP or 504 plan to address the behaviors at issue. Such revisions may include a change of placement if the student’s parents/guardians agree to the change of placement as part of the modification of the behavior intervention plan. In addition, for students with an IEP, the school must complete a Functional Behavioral Assessment and complete or revise a Behavior Intervention Plan.

  - Please note that for certain offenses related to drugs, weapons, or inflicting serious bodily injury upon another person, the Student Hearing Office may place the student in an alternative school or other alternative educational placement for up to 45 school days, even if the MDR Committee determines that the behavior is a manifestation of the student’s disability and the parents/guardians do not agree to the transfer of the temporary transfer of the student to the alternative school or other alternative educational placement.
If the Behavior is NOT a Manifestation of the Student’s Disability

- If the MDR Committee determines that the behavior is not a manifestation of the student’s disability, the student may be suspended or expelled from school. For students with IEPs who are expelled or suspended for more than ten (10) school days in a school year, consecutively or cumulatively, the school must provide the student with a Free and Appropriate Public Education (FAPE) beginning on the eleventh (11th) school day that the child is out of school. For these students, the IEP committee must be convened to determine what services will be provided to the student during his or her suspension or expulsion in order to provide the student with FAPE and continue to achieve the student’s IEP goals. The IEP committee may determine that the student be assigned to an alternative school or other alternative education placement.

Please contact the Student Hearing Office if you have questions about a suspension or expulsion for your child if your child has a 504 Plan or an IEP.

Parents/guardians have the right to request a due process hearing from the Louisiana Department of Education to appeal any manifestation determination. While the OPSB does not participate in these hearings, the Student Hearing Office will provide parents with the information necessary to request a hearing. The parents/guardians may be represented by counsel at the due process hearing.

Parents/guardians have the right to request that their child’s school perform an IEP evaluation or re-evaluation for their student at any time, verbally or in writing.

NOTE: Students who exit the system immediately following their expulsion, and attempt to re-enter after the expulsion has expired, will be required to serve the full length of their expulsion after re-entry. Re-entry to school is processed through the Student Hearing Office at 504-373-6200, extension 20041.
Glossary of Terms

**Accommodations** - changes in how a test is administered that do not substantially alter what the test measures; includes changes in presentation format, response format, test setting or test timing. Appropriate accommodations are made to level the playing field, i.e., to provide equal opportunity to demonstrate knowledge.

**Aggravated Assault** – an assault committed with a dangerous weapon (La. R.S. 14:37). A dangerous weapon includes any gas, liquid, or other substance or instrumentality, which, in the manner used, is calculated or likely to produce death or great bodily harm.[La. R.S. 14:2 (A)(3)].

**Battery** – the unlawful beating or other use of violent force on another person.

**Behavior Contract** – a written document between the teacher, student, and parent(s)/legal guardian(s) which specifies: expected behavior(s), positive and negative consequences, and time frame of the contract with review date.

**Behavior Intervention Plan (BIP)** – a plan that is the result of a FBA. BIPs are written documents that describe the inappropriate behavior to be changed as well as strategies or interventions implemented to address the target behavior. BIPs are developed by either the classroom teacher or a team of school personnel who assist the teacher in proactively, consistently, and effectively addressing inappropriate behavior. BIPs aid in communicating behavioral expectations to individual students or an entire classroom and also communicate the consequences of achieving the goal or objective. In addition, BIPs allow frequent feedback regarding the effectiveness of the management strategies being employed, assist in documentation of student or class progress and provide useful guidelines for interacting with students.

**Bullying** – a pattern of any one or more of the following:
- gestures, including but not limited to obscene gestures and making faces;
- written, electronic, or verbal communications, including but not limited to calling names, threatening harm, taunting, malicious teasing, or spreading untrue rumors;
- electronic communication includes but is not limited to a communication or image transmitted by email, instant message, text message, blog, or social networking website through the use of a telephone, mobile phone, pager, computer, or other electronic device;
- physical acts, including but not limited to hitting, kicking, pushing, tripping, choking, damaging personal property, or unauthorized use of personal property;
- repeatedly and purposefully shunning or excluding from activities; and
- where the pattern of behavior as provided above is exhibited toward a student, more than once, by another student or group of students and occurs, or is received by, a student while on school property, at a school-sponsored or school-related function or activity, in any school bus or van, at any designated school bus stop, in any other school or private vehicle used to transport students to and from schools, or any school-sponsored activity or event.

The pattern of behavior as described above must have the effect of physically harming a student, placing the student in reasonable fear of physical harm, damaging a student’s property, placing the student in reasonable fear of damage to the student’s property, or must be sufficiently severe, persistent, and pervasive enough to either create an intimidating or threatening educational environment, have the effect of substantially interfering with a student’s performance in school, or have the effect of substantially disrupting the orderly operation of the school.
Case Coordination – monitoring, communication, and support between family, school(s), and outside community agencies.

Change of Placement – occurs when either the school removes the student from his or her educational placement for more than ten (10) consecutive school days or the school removes the student from his or her educational placement on several occasions that constitute a pattern and add up to more than ten (10) school days.

Charter School – an independent school that is publicly funded. Under Louisiana law, private groups may apply for a charter which allows them to operate an independent school using public money. There are various types of charter schools. Some are chartered by the state Board of Elementary and Secondary Education (BESE), while others are chartered either by the Orleans Parish School Board or the Recovery School District. Charter schools MUST follow the same state law regarding discipline and the same state and federal law regarding special education.

Check-In/Check-Out (CICO) – a positive behavioral support for students who demonstrate moderate behavior problems. It is intended to provide frequent reinforcement for compliance with behavioral goals. Each of the behavioral goals should be defined in clear behavioral terms. The goals are set and altered by the CICO coordinator (e.g., school social worker, professional school counselor) with the support of the Response to Intervention (RTI) team. The CICO coordinator meets twice daily with the student to individually provide social skills training related to each of the designated behavioral goals. The student will review the goals each morning with the CICO coordinator in order to completely understand the behavioral expectations.

Corrective Strategies – a list of strategies to be used as alternatives to suspension and expulsion.

Crisis Prevention Institute (CPI) – a training organization that specializes in non-violent crisis interventions.

Dangerous Weapon – a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade of less than two and a half (2 ½) inches in length.

Day – means calendar day unless otherwise indicated as school day or business day.

Detention – a form of discipline in which a student is required to spend extra time in school. A detention may take place before or after the school day, on the weekend (traditionally known as Saturday School), and during breaks in the school day, such as lunch. Detention is usually considered one of the milder forms of disciplinary action available to a school.

Discipline – the steps, action, or training teachers, administrators, support staff, and parents/legal guardians implement to enhance student academic, social, moral, or mental improvement.

Disciplinary Conference – Student Hearing Office conference held with students in order to address significant behavioral concerns, including both expellable and non-expellable offenses; used to supplement prior interventions at the school level that have not resulted in changed behavior.

Disrespect for Authority – Talking back, mocking, or gesturing; any act which demonstrates a disregard or interference with authority or supervising personnel.
Due Process Hearing – a formal hearing to resolve special education disputes between parents and schools. IDEIA 2004 includes rules of procedure for resolving such disputes. These rules include mediation, due process hearings and appeals to state or federal court. A due process hearing is usually a formal, contested trial.

Exceptionality – a student’s special learning needs identified through the Multi-Disciplinary Evaluation process. There are several types of exceptionalities, including Autism/Asperger's Syndrome, Emotional Disturbance, Gifted and Talented, Specific Learning Disability and Mental Disability.

Expulsion – any denial of school attendance for the remainder of the school year, for a time designated during the current or next school year, or permanently.

Extortion – the communication of threats to another in order to obtain money, property or services.

Free and Appropriate Public Education (FAPE) – the standard of education that schools must provide to children with special needs or exceptionalities. The school must create a specific plan to address the child's learning needs, place them in the appropriate educational setting for their needs, and deliver special education and related services required for the child to learn. FAPE differs for each student and ensures that all students with disabilities receive an appropriate public education at no expense to the family.

Functional Behavior Assessment (FBA) – a process of examining the function that a particular behavior serves for a student that includes an analysis of the frequency, intensity and duration of a behavior. The end result of the FBA is a BIP.

Group Fight – a severe attack of several students engaging in the use of physical force or the unlawful beating of others with the intent to harm or cause injury with or without the use of weapons or other objects (including, but not limited to guns, knives, brass knuckles, razor blades, batons, mace, pepper spray, etc.)

Horseplay – rowdy, rough, or boisterous play.

Home-to-School and School-to-Home Communication System – communication with families regarding school programs and student progress through effective home-to-school and school-to-home communications.

Individualized Accommodation Plan (IAP) – a written plan developed by a group of individuals who have knowledge of a student’s disability, knowledge of the student that addresses the student's disability and documents specific accommodations and modifications to be provided in school so that the student benefits educationally.

Individualized Accommodation Plan (IAP) Committee – a group of individuals who review and discuss all relevant student data that results in the development of an IAP.

Individualized Education Plan (IEP) – a written plan developed by school staff, parents/legal guardians, and the student that outlines the student’s abilities, goals and objectives, how progress will be measured, and how the team will work together to meet these goals.
**Individualized Education Plan (IEP) Team** – a group of individuals who are responsible for developing, reviewing, and revising the IEP for a student with special needs. The IEP Team must review each student’s progress, as needed, to determine current progress and future needs. The review should also consider whether annual goals for the student are being achieved, staff and parental concerns regarding the student’s progress, the results of any re-evaluation conducted, and any changes that need to be made. By law, the IEP Team must include the following individuals:

- At least one general education teacher, if the student is (or will be) participating in the general education environment
- At least one special education teacher or provider
- A representative of the LEA who is knowledgeable about specially designed instruction for students with disabilities, the general curriculum, and the availability of LEA resources
- Parent(s)/legal guardian(s)
- The student, as appropriate
- Someone who is able to interpret the instructional implications of evaluation results
- Other individuals whom the parent(s)/legal guardian(s) or the school choose to invite

**Individuals with Disabilities Education Improvement Act 2004 (IDEIA 2004)** – federal law governing how states and public agencies provide all children with disabilities a FAPE that emphasizes early intervention, special education, and related services designed to meet their unique needs and prepare them for employment and independent living. IDEIA 2004 provides funds to assist states in addressing the educational needs and rights of children with disabilities from birth to 26 and addresses 13 specified categories of disability.

**In-School Suspension** – the temporary removal of a student from his/her assigned classes and the placement of a student in an approved “time-out” program, usually at the same school.

**Interim Alternative Educational Setting (IAES)** – any public or private elementary or secondary school offering a more structured program of study than a traditional school. Under Louisiana law, children who are expelled must be offered alternative education.

**Least Restrictive Environment (LRE)** – federal law (IDEIA 2004) mandates that students with disabilities must be educated with their non-disabled peers to the maximum extent appropriate based on the student’s needs. This is known as the Least Restrictive Environment (LRE). The IEP Team (including the parent) determines the placement that the student needs to provide the services on the student’s IEP and the team must choose the LRE able to provide those services. This means the student should attend the school he or she would attend if non-disabled, unless the team determines that the nature of the student’s disability will not allow that student to have a successful educational experience in that environment.

**Local Education Agency (LEA)** – a public board of education or other public authority within a state that maintains administrative control of public elementary or secondary schools in a city, county, township, school district or other political sub-division.

**Manifestation Determination Review (MDR)** – a safeguard to ensure that students are not being punished because of their exceptionalities. An MDR examines the child’s behavior and previously documented information about the student in an effort to determine whether the behavior for which the student is being disciplined is not a manifestation of the student’s disability. The MDR Committee consists of the parent and at least two individuals, one who is familiar with the student’s behavioral patterns and one who is knowledgeable of the student’s exceptionality.
**Manifestation Determination Review (MDR) Committee** – a group of individuals who meet to determine if the behavior for which disciplinary action is taken is or is not a manifestation of the student's disability; every effort must be made by the school to have the parent/legal guardian participate in the decision.

**Modifications** – substantial changes in what the student is expected to demonstrate; includes changes in instructional level, content, performance criteria, and alternate assessments; may include changes in test form or format.

**Multi-Disciplinary Evaluation (MDE)** – an assessment of a student’s current functioning levels, strengths, and educational needs. Federal and state regulations require that a comprehensive evaluation be conducted to determine if a student has a disabling condition which qualifies him/her to receive special education services. A re-evaluation should occur at least every three (3) years.

**Murder** – the unlawful killing of another human being.

**Out-of-School Suspension** – the temporary removal of a student from school. Suspensions are limited in time and the student should be able to return to school after the term of suspension is completed. During the suspension period, students are not allowed on any school property.

**Personal Searches (La. R.S. 17:416.3)** – The teacher, principal, school security guard, or administrator may search the person or personal effects or a student when, based on the circumstances at the time of the search, there are reasonable grounds to suspect that the search will reveal evidence that the student has violated the law, a school rule, or a District policy.

**Placement** - if a student is receiving special education or related services under IDEIA 2004, the student’s placement is the educational setting that the IEP Team determines is best for the student, as reflected in his/her written IEP. Placement does not mean the room the student is in, but the program and services most appropriate for him/her as stated in the IEP.

**Positive Behavior Interventions & Support (PBIS)** – a school system’s approach to creating and maintaining a climate of safety and learning in our schools. Use of PBIS is a “best practice” that decreases the need for more intrusive or aversive interventions (i.e., suspension) and can lead to both systemic as well as individualized change.

**Probationary Status** – a process of being re-admitted to school on terms and conditions stipulated by the Student Hearing Officer and agreed to in writing by the student and the student’s parent or legal guardian responsible for the student’s attendance.

**Probation Violation** – the act of a student breaking or breaching the written contractual agreement among the student, parent/legal guardian, and school which was previously accepted by all parties upon conclusion of the student’s hearing.

**Re-evaluation** – the process of determining whether a student continues to have a disability and continues to require special education and related services. A re-evaluation is conducted to 1) identify how the student is functioning in school, 2) identify the student’s educational needs, and 3) identify any changes in the student’s IEP to assist in meeting the annual goals and objectives included in the IEP and participating, as appropriate, in the general curriculum.
**Reflective Activity** – an assignment designed to give the student an opportunity to think critically about an instance in which he/she broke a rule. The assignment should guide the student towards determining an appropriate behavior for the given situation instead of the behavior that broke a school rule. An example of a *reflective activity* given to a student: “Write a paragraph answering these two questions: 1) What caused you to walk out of the classroom?; and 2) What you could have done differently when you started to feel like you wanted to walk out of the classroom?” Another *reflective activity* would include asking the student to fill out a self-evaluation that the teacher then reviews with the student. After discussing the self-evaluation, the teacher and student could develop a plan to help address the student’s areas of weakness.

**Related Services** – developmental, corrective, and other supportive services that assist a student with a disability. *Related services* include: speech-language pathology and audiology services; psychological services; physical and occupational therapy; recreation, including therapeutic recreation; early identification and assessment of disabilities in children; counseling services, including rehabilitation counseling; orientation and mobility services; medical services for diagnostic or evaluation purposes; school health services; social work services in schools; parent/legal guardian counseling and training; and transportation.

**Response to Intervention (RTI)** – a process that provides high-quality research-based instruction and interventions that are matched to a student’s needs. This process incorporates data developed to examine the student’s learning rate over time to make appropriate educational and instructional decisions regarding assistance to at-risk students. In the RTI process, students with academic delays and/or behavioral deficits are given one or more research-validated interventions. The student’s academic and behavior progress is monitored frequently to see if the interventions are sufficient to assist the student in reaching the instructional level of his or her grade. If collected data indicates that the student does not demonstrate adequate progress despite several implemented research-based interventions, consideration for special education may be warranted.

**Restorative Justices Practices** – the practice of bringing victims and offenders into contact so that victims can describe the impact of the crime on them, have their questions answered, and receive and apology so that offenders can understand and make good on the harm caused by their crime; restorative justice helps meet victims’ needs, confronts offenders with the effects of their actions, and can help to engage the community and build confidence in the criminal justice system.

**Robbery** – an act or instance of illegally taking another’s property by the use of intimidation or violence.

**School Bus Suspension** – a *corrective strategy* in which a student is not allowed to ride the school bus for a specified period of time. This strategy can be used if a student commits an infraction addressed in the Student Code of Conduct on a school bus after other corrective strategies have been implemented.

**School day** – a day when children attend school for instructional purposes.

**School Level Investigation** – a detailed search or examination of questionable student activities/incidents (at school, during school, or at school-related functions) to discover related facts; the investigation is conducted by the school administrator/designee.

**Section 504** – a civil rights law that prohibits discrimination against individuals with disabilities. *Section 504* ensures that the student with a disability has equal access to an education. The student may receive accommodations and modifications.
Serious Bodily Injury - defined in USC 1365(g) to mean a bodily injury that involves a substantial risk of death; extreme physical pain; protracted and obvious disfigurement; or protracted loss or impairment of the function of a bodily member, organ or faculty. [615(k)(7)(D)]

Sexting – transmitting pictures, written material, text and/or voice messages, and emails that are sexual in nature using the internet, cell phones, or any other electronically-related device (includes Internet chat rooms and online messaging services).

Sexual Assault – conduct of a sexual or indecent nature toward another person that is accompanied by actual or threatened physical force that induces fear, shame, or mental suffering.

Social Networking – transmitting pictures and/or written materials, via My Space, Facebook, Twitter, You Tube, LinkedIn or any similar social networking website, with the intent to harm others.

Special Circumstances – IDEIA defines special circumstances as follows: use of illegal drugs, weapons, and behavior causing serious bodily injury.

State Education Agency (SEA) – the agency primarily responsible for the supervision of the state’s public elementary and secondary schools. In Louisiana, the SEA is the Louisiana Department of Education.

“Stay Put” – the term used referring to a student’s right to remain in the current educational placement pending a disciplinary hearing (expulsion recommendation or request for a change of school setting) or a parent(s)/legal guardian(s)’ appeal to challenge a placement, manifestation determination, suspension, or expulsion; this right ensures that the student continues to receive FAPE in the LRE.

Student Information System (SIS) – data management for student information.

Suspension – see listing for "In-School Suspension" and "Out-of-School Suspension".

Theft – the unauthorized entering of any school structure, vehicle, or property, movable or immovable, with the intent to commit a felony or any theft therein.

Vandalism – willful or malicious destruction of public or private property.

Willful Disobedience – deliberate choice to break a rule or disobey a directive given by a person in authority.
