WARREN EASTON SPECIAL EDUCATION PARENT ADVISORY COUNCIL (SEPAC)

Who We Are
Established in December 2019, Warren Easton’s Special Education Parent Advisory Council is a group of parents and educators working together to help children with exceptional needs at Warren Easton Charter High School. SEPAC meets throughout the year to provide a forum for parents to provide input to the school on issues concerning students with exceptionalities, as well as gain valuable information about a variety of topics relevant to parents and families of students with disabilities. We welcome the participation of all parents on an ongoing basis or only when a topic is of interest.

Our Mission and Goals
The Warren Easton Charter High School Special Education Parent Advisory Committee (SEPAC) works for the understanding of, respect for, and support of all children with exceptionalities in our school and within our community.

To that end, the Warren Easton’s Parent Advisory Council will work to do the following:

- Provide a series of informational meetings on topics of interest for families of students who receive special education and/or educational support services.
- Promote a network of parents of children with special needs in our district and throughout the region and provide a forum to share information.
- Facilitate communication between parents and educators of students with exceptionalities.
- Promote and support an innovative educational environment where children with exceptionalities have equal access to educational opportunities and a school and community environment where all children are encouraged to reach their full potential.
- Promote the inclusion of our children with exceptionalities in extra-curricular activities.
